THE COVER

Searching for a picture for the cover of our current issue which contains the story of the 45th Grand Convention of Kappa Alpha Theta, we wanted a shot that typifies the whole convention—its fun, its fellowship, its thoughtfulness, its trenchant approach to fraternity problems. The picture we have used was not "posed." It was a lucky shot made by the photographer of three actives—Nancy (left) and Janet Teem (right) of Delta Zeta, Emory, and Judy Wright (center) of Gamma Delta, Georgia.

What is more typical of convention than the Theta active, charming and pretty, smart and serious? Carrying the sailor bags that were convention favors, college actives roamed The Wentworth grounds, settled down in convention sessions with gravity and poise. Judy and Janet on our cover are chapter delegates, Nancy was a visitor. It takes them all to make a convention, approaching problems in the same way as they walk, heads up, eyes clear, into the very heart of Kappa Alpha Theta—and the world.

Letters from our READERS

Theta Is Forever

DEAR MRS. LEASE:

I would like to thank you, as well as everyone responsible, for such a wonderful convention. I believe that the spirit was the very best, and that the entire atmosphere of the convention exemplified our high ideals.

Being my first convention, it will leave a memorable impression with me for years to come. I also feel that I have made many friendships across the country that will last forever.

On the last day of the convention, as I waved good-bye to all the wonderful people to whom I felt a special closeness, a certain sadness engulfed me, and I wished that the convention could last always. I was consoled only by the knowledge that Theta is forever, and that these special people would again cross paths at the 46th Grand Convention in the near future.

One aspect of the convention that will always mean so very much to me was being able to meet such a devoted and lovable group of women as are in Grand Council. These women, to me, represent the true spirit and worth of Kappa Alpha Theta. I only hope that with the information and inspiration that all of us delegates received, we will all give our very best to Theta always.

To you and to everyone, I would like to say thank you—thank you for the many little things, as well as the many spectacular events, that made the 1962 Grand Convention an ever living part of me.

Theta Love, LINDA HUDSON, President Alpha Phi, Newcomb

Phi Delt Project

We wish to recognize the help received from the girls of Kappa Alpha Theta at Ohio State University while participating in Phi Delta Theta's annual Community Service Day project. This project included the renovation of a camp for the needy which is located in the Columbus area.

Without their help, I know that our service would not have been the success it was.

Donald Carson Project Chrm. Phi Delta Theta Ohio State Univ.

The Eyes Have It

My vision is fairly good, but I surely had to use a magnifying glass to read the Summer 1962 copy of the Theta Magazine! Is it really necessary to use such small print? I am always interested in reading the chapter letters, but this was a difficult task in this issue. Do we have to economize at the expense of our eyesight?

MARGARET DELLINGER BENETEAU Upsilon, Minnesota
Ft. Lauderdale, Fla.

◆ Eyesight problems for readers of the magazine were nothing compared to the eyesight problems of your editor, reading proof, word by word, on 26 pages of Summer Issue chapter letters. (Former EST Sackett promised us a magnifying glass long ago when the small type was first considered, but none was forthcoming!) However, for many reasons besides eyesight—mainly because we think the small type is uninviting and discourages readership, and thus is not worth the space it saves—chapter letters when next printed will return to larger type. Thanks to Reader Beneteau for her forthright opinion.—ED.

No More Dead Horses

The new deadline for alumnæ chapter letters (June 1st instead of early fall) is a fine innovation—and I say that although I've been caught with my notes down concerning the current San Francisco chapter letter. But writing it at the end of summer was always like beating a dead horse. And we couldn't go ahead and write it early because of the necessity of waiting for instructions.

VIRGINIA TAYLOR ENGLANDER Alpha Gamma, Ohio State Editor San Francisco Alumnæ

Perplexed

I have just received my Spring 1962 edition of the Theta Magazine and it left me with the same rather perplexed feeling that I have had after looking through the last three or four issues. The letters from chapters and alumnæ groups seem to be getting smaller and smaller, less spontaneous, and one might even say less welcome, until I feel they will soon disappear entirely. I haven't seen any other sorority magazines lately, but it would be interesting to see what their solution to the same problem has been.

How about a sampling of opinion from other Thetas? Perhaps more feel as I do.

SHIRLEY HENDRICK FRONDORF Alpha Tau, Cincinnati Scottsdale, Ariz.

◆ Point 1—It is a fact; a number of sorority magazines have dropped chapter letters entirely.

Point 2—We rather think we will keep ours—but we welcome reader reaction to this vital subject—chapter letters or no chapter letters, and what news they should contain.—ED.

Over the desktop

YOUR EDITOR HAS A NOTION that it's pretty hard to put a convention down on paper, fit it into so many pages neatly like it was an ordinary old letter to be sent to our friends. We know how hard it is, because this is what we've been doing these past few weeks, trying to distill six convention days and nights into approximately the first half of this Autumn Issue. It's not so hard to get the facts, *mam*, but it's harder to get at the depth of convention.

Which makes us recall how easy it seemed to condense the Galen Hall convention (our first attended as editor) into the Autumn 1958 Theta Magazine (the first we edited). We came home from convention with a small sheaf of notes, a folder half full of pictures, and were able to think

of only a few items to put in our Convention Chit-Chat column.

How different in 1962! By 1962 we'd gotten acquainted with Theta and Thetas. Notebook in hand we scribbled enough Chit-Chat items to fill several pages, many more than we could print. We also could see pictures everywhere we turned at The Wentworth, had to use the utmost discipline to keep from buying every pic the official photographer took.

The editors of *Time* often speak about the research that goes into what may turn out to be a small, one-column story. Thus, in 1962, we hope that our greater experience as editor, our greater acquaintance with Theta nationally, our greater awareness of fraternity today, which gave us so much material about convention we couldn't print, has produced a convention story with that depth we strive for, that feeling for convention that we'd like to share.

After all, what is the Theta Magazine but a letter to friends? It's nothing more than if Bettie were writing to Alice in 1870—only 92 years later, there's so much more to say!

As we "say" this, we are reminded that it is the end of summer. We sit at the typewriter wearing bermuda shorts. But as you read this, it is mid-fall. "Frost is on the punkin'" and football is in full swing. The rush we have been in to get this Autumn Issue to press is forgotten. As you read, the rush is on to get the Winter Issue to you on time!

Summer—a lazy, leisurely time? Not for your editor, and we wonder if it is for anyone any more. Frankly, these last weeks it's been nip and tuck, trying to get the magazine to press and at the same time trying to get our son ready for college. (He's at Brown University, embarked on Route 66. This is what the ATO ed calls this year's freshmen, class of '66!) All we can say is we're glad it's not a daughter we were sending off to school this year. As our neighbor says, "It's so much different sending a boy. Shopping is simpler, somehow." But some days we've thought it would be the magazine that would never make it; by the next day we were sure it was our son who would never make it. (P. S. Both made it!)

Luckily, we've had our same valued helpers on this issue: Margaret Moore who did the Honoraries and Jackie Kenney, our book reviewer. Everyone was prompt, too, about sending copy in, even though it was summer, post-convention, the Seattle fair (Hazel Lease is in the midst of this!). And the mail keeps coming with those valued clippings telling about Thetas in the news. Now we've a new project we want you to help us with. We want many more interesting action pictures of Thetas. Watch for them, will you? Remember that word: action!

And now, for coming deadlines:

Active chapter editors: November 1. Due: 100-word "shortie" letter. The subject for the letter will be assigned to you.

All editors and others: December 15. Due: General items about Theta for Spring Issue, 1963.

Send copy to Mrs. Herbert L. Garrard, 10 Heather Lane, Route 3, Noblesville, Indiana.

Theta Arrives At Florida

by Barbara Erickson Hoehn
Alpha Psi, Lawrence

What better place for another brand new and wonderful Theta chapter to bloom than on the beautiful and fast growing campus of the University of Florida at Gainesville! On April 28, 1962, Delta Theta chapter of Kappa Alpha Theta, our 87th, was officially installed.

In picturesque surroundings of enormous pine, oak, and dogwood trees, the University of Florida, founded in 1853, now numbers 14,000 students and its physical facilities have more than kept pace with its rapidly expanding population. Ranging from law and engineering to agriculture, its departments are excellent and varied, and the school has acquired an especially fine reputation for its modern teaching hospital.

Under the strong leadership of Claire Williams Stryker, Beta Nu, Florida, installation chairman and active member of the Gainesville Alumnæ Club, preparations for the new chapter were under way for months before the arrival of our two outstanding colonizers, Julia Freeman, who transferred to the University of Florida from Gamma Deuteron at Ohio Wesleyan and Sue Waite, from Alpha Omega, University of Pittsburgh. Our hardworking Advisory Board consisted of Betsy Stephens Schnell, Beta Iota, Colorado; Bette McKee

Eggert, Alpha Mu, Missouri; Louise Voelker Roberts, Alpha Theta, Texas; Ann Chillingworth Wright, Ann Laird Spain, Jane Shropshire Taylor, Beta Nu; Ginny Koch Nagle, Rho, Nebraska; and Claire Stryker, with Louise Davitt Summerlin, Beta Nu, as chairman.

And from Florida State at Tallahassee came 35 willing and enthusiastic Beta Nu Thetas, who assisted ably in rushing during the weekend of October 13-15, 1961. Gainesville alums took over as big sisters for the new pledges at the luncheon and pledging on October 15.

Less than two weeks later, our pledges pleased us all but surprised no one when they carried off first prize with their clever Homecoming float. In February, under the leadership of the House Corporation, headed by Lula May Brandt, Beta Epsilon, Oregon State, our alumnæ worked diligently on redecorating and furnishing a house to serve as a temporary lodge for the new chapter. Other members of the House Corporation were Christa Sykes, Mary N. Gibson Reeves, Alpha Theta, Texas; Janet Little Rodeheaver, Greta Sims Clark, Virginia Baxley Whidden, Beta Nu; Barbara Stevenson Probert, Alpha Xi, Oregon; and Marian Ruff Sheehan, Alpha Tau, Cincinnati.

MISSION ACCOMPLISHED

Workers behind the scenes and in front, too, were (to left) "Flivver" Little and Claire Stryker, Grand Council and local installation chairmen; (to right) Helen Schupp, CDP XI, and Florence Wylie, Grand Council member in charge of rushing program.

Kappa Alpha Theta · Autumn, 1962

■ Two weeks after pledging on the University of Florida campus, the Thetas walked off with top sorority Homecoming honors with this float, a black and gold modern interpretation of space. Riding in the lead car, as though epitomizing Theta's successful entry into sorority life at Florida, are the Theta colonizers, Sue Waite (I.) and Julia Freeman.

The busy months flew by so fast that before we knew it installation weekend was upon us. And what an exciting and thrilling weekend it was for the new chapter and all Gainesville alums! We welcomed Hazel Lease, Virginia Edwards, Florence Wylie, and "Flivver" Little from Grand Council; Dorothy Vaaler from Central Office; Helen Schupp, our district president from Atlanta; and Jean Bechtolt, alumnæ district president from Miami. "Flivver" was the able Council installation chairman while Florence Wylie conducted our most successful rush in October.

Activities for the weekend began on April 27, with the Loyalty Service at the home of Bette Eggert, followed by an open house at the Theta Lodge, with Gainesville Mothers' Club members as hostesses. On the following day, 25 girls had the honor of being initiated by our Grand President, Hazel Lease. Attending the banquet that evening were many notables of the University, including Doctor J. Wayne Reitz, president, and Mrs. Reitz, dean of women, Marna Brady, an Alpha Tau Theta, and Vice President and Mrs. Harry Philpot (Polly Morgan, Iota, Cornell). The evening's activities were climaxed with the charter presentation ceremony, Hazel Lease presiding.

On Sunday morning, new initiates attended church as a group and in the afternoon, a tea in honor of new actives, visiting alumnæ, and friends, was held at the home of Louise Roberts. Installation officers assisting Claire Stryker as chairman were Bette Eggert, Louise Roberts, Betsy Schnell, Ann Spain, Mary N. Reeves, Barbara Erickson Hoehn, Alpha Psi, Lawrence, Nancy Wehner, Beta Nu, Janet Rodeheaver, and Marian Sheehan.

A big "thank you" goes to Gamma Gamma of Rollins, who traveled up the state from Winter Park to assist with the initiation and with all of the weekend's activities.

Delta Theta's installation brought these people together: Above, Grand President Hazel Lease reviews events of the weekend with new actives Virginia Sims, Margaret Chandler, Rosemary Francis. Below, Nancy Wehner, president of the Gainesville Alumnæ Club, shares initiation excitement with Marjorie Carr, Meredith Johnson, Susan Ballard. Charter members of Delta Theta are:

All from Florida: April W. Blassingame, Anna Maria; Nancy K. Huff, Ann H. Lewis, Linda Ann Reed, Fort Lauderdale; Mary Susan E. Ballard, Margaret S. Chandler, Rosemary S. Francis, Meredith H. Johnson, Virginia L. Sims, Gainesville; Judith Ann Smith, Lake Worth; Linda J. Schmidt, Maitland; Marie Annette Alexander, Kathleen S. O'Donnell, Miami; Marjorie Carr, Micanopy; Lynn Madison, Orlando; Carolyn Coll, Pompano Beach; Penny C. Johnson, Rockledge; Molly Mazey O'Neill, Sarasota; Sally Woodward Moore, Windermere; Helen K. Wobie, Winter Park. Also, Kathleen M. Durham, Fort Benning, Ga.; Jane M. Weitekamp, Madison, Wis.; Lois K. Harvey, Raleigh, N.C.; Diana D. Behm, Seattle; Norma Irene Curry, Smyrna, Ga.

Julia Freeman, colonizer, current chapter president, is serving as counselor as well.

If the first year on campus is any indication of years to come, Delta Theta will fast make its mark at the University of Florida. Merri Johnson has had her name engraved on our scholarship plaque, and Molly O'Neill, Linda Schmidt, and Judy Smith were elected to Alpha Lambda Delta, with Judy being elected treasurer. Molly O'Neill was elected treasurer of Women's Students Association. The Delta Thetas have collected cups from the Homecoming parade float, the Sigma Chi Derby, the Gator Gras, the Theta Chi Court, and Kappa Alpha Weekend. A very good start!

Grand

President's

Greeting

Since it is now my privilege to serve you for the second term as your president, I bring to you my thanks for the honor bestowed upon me and my hopes for the years 1962 to 1964. The fraternity has stood the test of some difficult problems in these past two years and has risen above them. If the same fine spirit of loyalty and cooperation continues throughout the next two years we need have no fear for Kappa Alpha Theta or the entire fraternity system.

This spirit was evident throughout the 45th Grand Convention which has just ended. There was an honest attempt on the part of everyone—delegates, officers, and visitors—to meet the pressures of today and find a solution. If we can continue to work together in all ways we can solve anything. No Council could ask more than has been given in these past two years—complete faith in the sincerity of your officers and the belief that we all are striving for a better relationship within the fraternity and a more complete knowledge of fraternities by the public.

It is my earnest hope that the feeling of mutual trust and understanding which was evident at the 1962 convention continue through this term of two years.

Hazel B. Lease

Grand Council arrives at The Wentworth

This Was Convention

Looking to the past President Lease quoted from the convention report of one of Alpha, DePauw, chapter's two delegates to the very first Theta convention held in Bloomington, Indiana, November 1872, ninety years ago. Said this delegate, "We had a grand time socially. I was entertained at the home of Miss Hughes, where we were in a continuous reception while in the house. We gave one morning to business."

Still and all, though attendance at this first convention was sparse—twelve girls from two chapters (Alpha and Beta, Indiana)—and business apparently was not pressing, whatever steps were taken began the building of the sold background for Theta which has been developing through the years, and has brought us successfully to the second phase of our existence mentioned by President Lease, the present.

The college and alumnæ seminars which occupied the first two days of Grand Convention were explorations into the present, specifically the present on the college campuses and the programs being carried on by our actives.

Discussed by eager actives were such diverse subjects as pledge training, chapter finance and efficiency, aspects of scholarship, rush procedures, breaking these and other subjects down into numerous brass-tacks discussions which showed the keen thinking of modern Thetas in dealing with fraternity and its relation to the deeper aims of education and college life.

And for the *future?* In an excellent panel chairmaned by Ellen Hofstead, past grand president of Theta and current NPC delegate, perhaps the gravest threat to our whole future, both personal and fraternity, was explored as Millicent Wyatt, president of Alpha Eta, Vanderbilt, and AP Joan Law Moore, Dist. IX, discussed our American heritage of freedom versus totalitarian principles within the framework of the NPC Declaration for Freedom.

But the verdict for the future, Good. Said President Lease optimistically, "I agree with Senator John Tower of Texas, a Kappa Sigma, who said, 'I think that the fraternity system today is stronger than it has ever been in its history, and I think that for all that is said about us and for all our foibles and weaknesses—and we have them—we have a very great contribution to make, not only to the life of the campus, but to the development of our future citizenry. I am convinced that the Greek system gives us the opportunity to develop certain moral and human values that those who do not belong to the systems have not had."

Who Was Who

Convention is first of all "people."

Everywhere at once were the two convention managers, Margaret Cockrell and Ginger Boynton. Have an announcement? Find Margaret and ask her to make it. Want to know about bus connections to Boston? Better ask Ginger; she probably knows. What time will Fun Night start? Ask either one.

The people at the registration desk were good at answering questions, too. You could most often find Willie Shattuck there—she was chairman of the convention Executive Committee and was reputed to know everything. Margaret Stevens and Sylvia Smith would riffle through the registration cards, dig out any odd convention statistic you might wish. In addition, Rhoda Clough was the marshal and Betty Haas was social chairman.

Jeanette Flaningam was Mrs. Roberts Rules of Order, served all meetings as parliamentar-

ian. Melissa Hetzel kept everyone singing her Theta adaptation of the song, "By the Sea, By the Sea, By the Beautiful Sea."

And Caroline Carter and Daphne Majors were back, after a one-convention absence, as the dependable and delightful editors of the five-issue convention *Kite*.

Evelyn Tunnicliffe doubled in brass both as president of the Foundation and chairman of the Nominating Committee, seemed to thrive on job-on-job. Also thriving on several jobs was the efficient Central Office staff, EST Dorothy Vaaler, Jeanne Gullett, Betty Cadwell, who picked up all loose ends, tied them up, and ran around looking for other loose ends to tie.

There were many others contributing to the convention—the speakers, the various hostess chapters and clubs, and above all the CDP's and ADP's, plus members of Grand Council, the top echelon of Theta officers in whose hands the leadership of the fraternity is entrusted. In addition, six past presidents were there: Margaret Killen Banta (1930-1936); Pearl Van Siclen Higbie (1942-1946); Helen Stiles French (1948-1952); Ellen Bowers Hofstead (1952-1956); Letty Henderson Munz (1956-1960) and Jeanette Gemmill Grasett (1936-1938)—the last-named the honored guest at the Grand Convention banquet, with the 1962 fellowship award named for her.

These, plus just-retired EST Helen Sackett, served as marshals at the Niké ceremony.

When convention closed, registration showed 434 Theta names on the books. Texas walked off with attendance honors. Alpha Theta, Texas, had the most members at convention—fourteen—with Gamma Phi, Texas Tech, a close second with twelve. Lambda, Vermont, also had twelve members present.

Theta "triplets" at convention were these members of one family initiated in 1904, 1930, and 1962 respectively. Edna Mertz Carman, center, was the first initiated, at lota, Cornell, followed by her daughter, Ruth Carman Lane, also of Cornell. Granddaughter Cynthia Ruth Lane broke the family pattern—she is a Theta at Beta Nu, Florida State.

These fifty-year-Thetas attended convention. L. to r., Anne McIlraith Quirke, Alpha Pi, North Dakota, initiated 1911; Carol Greene Wilson, Phi, Stanford, 1911; Edna Mertz Carman, Iota, Cornell, 1904; Mabel Watts Mayforth, Lambda, Vermont, 1912. Not shown, Charlotte Valentine Fonda, Chi, Syracuse, 1910; Ella Pollard McIntire, Alpha Epsilon, Brown, 1908

For Foundation

For Fun

Plunking Mary Brandriff's rocking chair (without Mary in it) directly in the path of Thetas going in to Grand Convention's final session, the sign, "Rock for the Ages, Rock for Foundation'" brought a merry clink of coins for Theta's Foundation at a quarter per rock. (See item below for story of 'Mary's Chair.")

Convention Chit-Chat

- ♦ Mary Brandriff, retiring Grand Vice-President, joined JFK as a rocking chair lover after Theta alumnæ, whose activities she has supervised during her term as head of the Alumnæ Program, presented her with a rocking chair at Grand Convention (see picture above). Thetas autographed the chair back in gold ink, set Mary to rocking and rocking. Serenaded by the actives the last night of convention Mary settled in her rocking chair in the middle of a Wentworth hall, would probably still be rocking there, if Theta Foundation lovers hadn't made off with the chair to raise money for the Foundation.
- ♦ To show appreciation for their well-beloved chapter member, now Grand President of Theta, Alpha Nu, Montana, Thetas, collected money in a by-mail solicitation. Presenting this check to President Hazel Lease at convention it was announced that the sizable fund contributed by 150 Thetas will be used as an Alpha Nu chapter philanthropy.
- ♦ Three state chairmen made it to convention (we suppose the others just couldn't tear themselves away from their file boxes). The three: Dottie French, chairman for lower New York, Carol Bayfield, chairman for Pennsylvania, and Mabel Mayforth, chairman for Vermont.
- ♦ Undoubtedly the oldest Theta present was not registered, and was only seen by a few. Ella Pollard McIntire, a graduate of Pembroke Col-

- lege, Brown University, in 1902, and 64 years a Theta (initiated 1898) from our now inactive Alpha Epsilon chapter hired a chauffeur for the day's trip to The Wentworth from her home in West Barrington, R.I. "I just want to get the picture of convention," she confided to those lucky ones at her same luncheon table. Nibbling at her food, more interested in talking and looking than eating, she stayed only a few minutes, then was off again. "If only *I* can do that well at 85-years-young," sighed several of those her juniors in age, but not in spirit!
- ♦ Welcoming us to The Wentworth, distinguished convention hotel, was James Barker Smith, president, who has more than a passing interest in Theta (although his wife is a Pi Phi!). His late mother, Mary Louise Barker, was a Kappa, Kansas, Theta and author, with three chapter-mates, of Theta's well-known "Loving Cup Song." The Theta Choir, directed by Melissa Hetzel, sang this song during the final banquet in special honor of the author and her son.
- ♦ The Wentworth was Theta-minded in more ways than the one above. Mindful that the pansy is the Theta flower, Miss Alice Hackney, hotel florist, started last February planting pansy seeds, later moved the plants to two special beds, and by the time of convention had nursed them into full and luscious bloom. The pansy centerpieces at the final banquet came from these pansy beds for Thetas alone.

Theta Lips Are Smiling

- ◆ Retired Thetas do not die, neither do they fade away. They come to convention—and just to show EST Helen Sackett how much everyone still loves her the entire convention gave her a standing ovation, plus a thunderous clapping of hands.
- ◆ Some Thetas found time to go antique hunting. Kite-editor Carolyn Carter found her hunting not in vain. In fact, she walked into the hotel with an enormous weathervane. How she got it from Boston to Washington, D.C. by plane is another question!
- H. Earl Munz, husband of immediate past Grand President, Letty Munz, was active in preparing the skit for Grand Council for Fun Night (as he always

- is). He played the piano for their dance and also served as a judge for the District Sing.
- ◆ Judging the District Sing is a ticklish job. Someone said following the 1962 Sing, "Let's let the judges 'get away' before the winners are announced." Not that the losers get violent—but there's always a first time. Husband Max Tunnicliffe and former EST Sackett completed the judges' panel, awarding honors to District XI (states of Ga., Ala., and Fla.) for best singing and to District XVI (Tenn., Va., N.C., Md., Washington, D.C.) as most original.
- ◆ At least ten husbands braved the staring of the eyes of their wives (and the eyes of other Thetas) and along with one small son presented a skit of their own for Fun Night.

What I Gained from Convention . . .

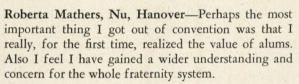

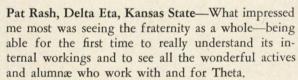

Gail Eberhardt

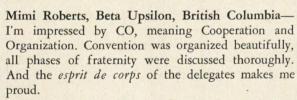

A Sampling

Gail Eberhardt, Kappa, Kansas—I gained from convention knowledge, insight, appreciation, challenge, faith, all these, but greatest of all, love.

Jacqueline Johnson, Beta Lambda, William and Mary—The thing that stands out above all is the "timelessness" of Theta. The very essence of this "timelessness" is the steadfast loyalty of the alums.

Ricki Wood, Alpha Xi, Oregon—The most important thing I gained was the desire to convey the concept of lifelong friendship, its development and importance, as expressed by the alumnæ and Grand Council, to my own chapter. Truly, Theta is for life.

Fun. Enthusiasm. Leader-ship. With these qualities paramount, Jeanette Gemmill Grasett has built herself as a person and a Theta until all who know her remember her and all who remember her love her.

Naming the 1962 Theta Fellowship for Jeanette was the next logical step. To Mary Brandriff, grand vice-president, went the pleasant job of paying verbal tribute to Jeanette at the Grand Convention banquet (see top picture). With photographs gathered from far and near portraying various phases of Jeanette's life, Mary presented a "movie," interspersing it with comments on Jeanette's accomplishments.

Serving as Grand President of Theta from 1936-1938 is only one top job Jeanette has done for Theta. With a variety of other services from 1925 to 1954 (excluding 1938-1940) Jeanette has served the fraternity longer than anyone in an official capacity with the exception of the late L. Pearle Green.

Jeanette's first national job was as grand treasurer (1926-1936) with fifteen additional years at various times on the Finance Committee. She was also a district president, chairman of chapter house building, on the Friendship Fund, and convention manager. She was responsible for the first official Survey of the fraternity in 1938 which resulted in the establishment of Theta's Central Office and she also in-

Special Theta

augurated the Finance Committee, hired our first auditors.

But with all this she has always managed to find time for her family which includes her husband, D. Bligh Grasett, and her Theta daughter, Jeanne Grasett Kelly (who was also at convention); her college, which is Northwestern; and her church, where her Christ Church rummage sales in Winnetka, Ill., are fabulously successful.

Calling Jeanette a "very special Theta," Mary added two quotations in connection with her life. The first, "Associate yourself with something fine and then give all you have to it." The other, "If you work hard and live up to your principles, perhaps you can achieve the grace that comes if you can be serious about your work and principles but not take yourself seriously."

That Jeanette can be this "special Theta" and still not take herself too seriously was evident in the modest tenor of her remarks in response to Mary's tribute and in the fun she shared with past Grand President Monnie Banta, who served Theta just prior to Jeanette's term (1930-1936). Monnie, who was also at the head table at the banquet, has attended 21 Grand Conventions to Jeanette's 19. Nicknamed by college Thetas "Mutt and Jeff" (see pic) they reminisced in public about many events of their humorous shared Theta experiences.

Our Beliefs Shape Our Lives

and

Perhaps

The World

Basing her keynote speech at Theta's 45th Grand Convention on the theme of the convention—"Our Beliefs Shape Our Lives and Perhaps the World"—President Hazel Baird Lease presents a stirring message as she discusses the fraternity function in the modern world. Outlining also the threat to fraternity today she warns against complacency, speaks of ways in which each of us can help fraternity grow.

Our motto for this convention is: Our beliefs shape our lives and perhaps the world."

Just what do we believe?

Some people would try to make you feel embarrassed because you belong to a fraternity. I ask you in all seriousness: "What is wrong with associating with your friends? What is wrong with asking those you like to associate with you? Isn't this the crux of today's problem? Why should there be any feeling of guilt because you desire to associate for a time with congenial friends? Isn't this your right? When must the choice of friends become a problem of any student body, any administration, any board of regents, any legislature? And why has it become a problem now, when we have existed peacefully for ninety years without this sudden pressure?"

Life for most of you college delegates who represent about 5,500 actives, or about one-tenth of the entire Theta membership, began about twenty years ago. College life for you began perhaps three years ago. But life for Theta began 92 years ago. And the right to have such an organization began long before that

Let us go back to something Canadian Thetas will understand very well—the Magna Charta of England, granted in 1215, and establishing for the English people certain civil and religious rights. To this day the third Sunday in June is observed in many places in this country as Magna Charta day. Based upon that first guarantee of rights for English-speaking people came our own Declaration of Independence and our Constitution and Bill of Rights.

The first of those ten amendments to the Constitution which are known as the Bill of Rights gives the right of peaceable assembly. That Constitution and its Bill of Rights guarantees to us many things which we take for granted. Let us be sure that we are not losing some of those rights for which our founding fathers fought. Be sure that in our great concern for democracy we are not destroying democracy itself.

J. Edgar Hoover has said:

"Acquaint yourself with the history of your country. Read the documents, books, and letters of those magnificent men who believed whole-heartedly that the rights of individuals are

God-given and that man with God's help is capable of self rule. In what they said, in what they wrote, in how they acted, those men of vision shaped and molded our form of government as a never-ending expression of faith in you—the individual. I urge you to question the motives of those who either directly or insidiously seek to destroy your faith in traditions and institutions which are the guardians of individual liberty."

Let us review what is happening on many college campuses today.

First, we were asked to submit constitutions and later a statement about memberships to the Administration. This we willingly did. Now we are being asked to submit this to student governments whose membership changes every year—some twice a year. Next, local chapters are being asked to give their interpretation. Then comes the proposal of 100% participation or "everyone who wants to belong may." If they are not bid, they will be assigned. By whom? By the Administration? By a student committee? The minute you have someone assigned that you did not bid you are no longer a real fraternity. You have lost the right of choice of friends, which is the basis of all fraternities.

Rev. James McInerney, scholastic director of one of the fraternities and a professor of Philosophy and Theology, said at the National Interfraternity Conference: "The open, the underhanded, the half-hearted attacks on lawfully constituted fraternities and sororities are the result of ignorance or malice. For an institution of higher learning to be guilty of either is unthinkable. To proclaim the attack in the sacred name of patriotism, civil rights, man's humanity, or his religion, reveals the grossest kind of ignorance.

"To belong to a fraternity or not to belong, to prefer this one to that, have nothing to do with a man's patriotism, his duty to mankind, or to accurately-defined civil rights. For another to impose his notion of congeniality on a private association is, of course, arrogance.

"Congeniality is not the same as rights and duties which belong to the nature of man. These rights and duties are of necessity. There is an immense difference between the preferring of one man to another and the denying of another man his rights. Human friendship is not a right—it is a privilege conferred. To be a true friendship, it must be freely conferred. If it can be freely conferred it can also be freely withheld. To try to compel men to be friends by law or fiat is folly."

You who live in close association with many other girls, all of whom have been chosen because you wanted them and felt they would fit with the group, know only too well that in spite of this there are often serious problems of adjustment. Think how much greater this could be if you had no choice.

Now comes the suggestion on some campuses of local autonomy—pay no attention to your national organization—decide for yourself. But you *are* a part of a national organization.

Have you thought of what you would lose if you became a local? First of all, you lose the power of a well-known name; then you lose the traditions and examples of the past; you lose the aid and assistance of national and district officers; and you lose the wise guidance of alumnæ Advisory boards.

All of these things you may think you could do without. But you also lose the continuous financial backing of your corporation for your house or lodge or suite; you lose the ability to borrow money for property, for only an established alumnæ group and not a changing student group can do that. You lose the pres-

Points to Ponder

- Some people would try to make you feel embarrassed because you belong to a fraternity. I ask you in all seriousness: What is wrong with associating with your friends? What is wrong with asking those you like to associate with you?
- ♦ The Constitution and its Bill of Rights guarantees to us many things which we take for granted. Let us be sure that we are not losing some of those rights for which our founding fathers fought. Be sure that in our great concern for democracy we are not destroying democracy itself.

The minute you have someone assigned that you did not bid you are no longer a real fraternity. You have lost the right of choice of friends, which is the basis of all fraternities.

Points to Ponder

- ♦ Fraternities have always been accepted because they offered friendship, housing, standards, scholarship, service. Today they are needed more than ever because of the great size of institutions.
- ♦ I believe sincerely in the fraternity system. I know that you also believe in it or you would not be at Convention. . . . What are you doing to let the public know the fine things about your group? . . . When you hear what is wrong with fraternities, are you telling what is right about them?
- ♦ Let us all be patient, listen carefully, think deeply, act slowly. This is no time for emotionalism. . . . tige of a national name and in rushing you also lose the assistance of any alumnæ to recommend.

I have seen this happen.

A strong national chapter a few years ago became a local. Today they are a small struggling group and no one considers them any competition in rushing. Even their former name is now forgotten on that campus. They are choosing their own friends without any so-called outside interference, but sadly enough, very few are choosing them. They have lost the strength of the continuing interest of alumnæ and the power of traditions and standards of the past.

The great value of our meeting together here in Grand Convention is that it lifts us above our own little chapters and makes us realize we are a part of a great international fraternity. We view Kappa Alpha Theta as a whole.

There are many places in the world today where a meeting of this kind would not be tolerated.

Let me quote Dr. Gilbert Malcolm, president of Dickinson College: "I believe there are already planted agents on the campuses of many colleges and that efforts are being made to infiltrate our institutions of higher learning. The only job of some of them is to win friends.

We college men and women need to be ever alert to safeguard the freedoms that are America's priceless possessions. God grant that we may never lose these freedoms."

Fraternities have always been accepted because they offered friendship, housing, standards, scholarship, service. Today they are needed more than ever because of the great size of institutions. In schools where enrollment is swollen out of all proportion, where the student is one of five, ten, or twenty thousand, where else could he, as an individual, have a chance to develop fully?

As someone said, "The student of today is lost in a sea of size." Where else could the average girl have the opportunity for responsibility or leadership except in a small group?

Russell Kirk, in his article in National Review Magazine said: "If free associations like our college fraternities are forced out of existence, they will be replaced not by an idyllic individualism, a perfection of equality and liberty and self-reliance, but only by the mob—by a mass of confused students subject to an impersonal University administration—or to a clique of student demagogues. Therefore, it seems important to inquire into the charges against fraternities which their enemies have been pressing energetically these past several years. Fraternity life is an important means of redeeming our colleges from the menace of the herd."

"Our beliefs shape our lives."

I believe sincerely in the fraternity system. I know that you also believe in it, or you would not be here. I know its weaknesses as well as you—perhaps better because I hear of them from all points of the country and you may only know them in your own locality. But I also know its strengths and they far outweigh the other side. There are values that are worth retaining and are worth publicizing. There is reemphasis on scholarship and on high moral standards.

What are you doing to let the public know the fine things about your group? The public is not someone remote—it is your own boy friend, your parents, your family, your faculty, your neighbors.

It has been said that good publicity means

being good—doing good, and telling the public about it. When someone criticizes do you counteract with a positive statement of the standards, the service, the help given by fraternities? When you hear what is wrong with fraternities, are you telling what is right about them?

Fraternities are based on ideals. When you defend them you are trying to maintain these ideals, but more than that you are trying to maintain the freedom to which you are entitled. One of our congressmen from Alabama expressed these words in the House of Representatives last fall:

"The principles upon which college fraternities were founded will never change and in my opinion this great American fraternity system should not either. Many founders of our individual orders were faced with problems and more difficult situations than this and they did not meet the issue by compromising."

They met it honestly. We are trying to do the same. We have been honest with you. We have sent our chapters controversial material because we want you to think. We want you to know all sides.

We have faith in you. We do not expect 60,000 people to agree—but we have paid you the compliment of giving to you the material which is given to us. We are all here to think and act together.

Let me ask you all to be patient, to listen carefully, to think deeply, and to act slowly. This is no time for emotionalism. This is a time for weighing our words and giving great consideration to our actions. If we would influence others with our beliefs then we must have patience, understanding, and knowledge.

Kappa Alpha Theta has made great strides in these past two years, 1960-1962. We have grown in numbers, in accomplishments, in unity. We have met unfair criticism and attacks. Let us turn those very attacks to our advantage!

Leadership carries the unpleasant responsibility of being able to be criticized and to learn something from it. Perhaps we had become too complacent with our strength and our success. Let us be sure we combat ignorance with intelligent answers and refute some of the false ideologies with good sound fundamental American truths.

Arnold Toynbee has pointed out that danger, insecurity, and challenge are sometimes stimulants to great original and creative achievement.

Theta's symbol is a kite. Let us always remember that it takes a strong wind blowing against it to get a kite up off the ground. I believe the time has come to assert our belief in the ideals of our fraternity and get our kite of aspiration up where all the world can see and be influenced by it.

Lambda chapter is especially proud of Pat Bishop and has been from the moment she came to the University of Vermont. Her scholarship, Dean's List, has won her recognition in election to president of Sophomore Aids, a member of Staff and Sandal, and in her senior year, election to Mortar Board.

However, Pat's abilities are far from onesided. She has been president of the Swimming Club for three years, vice-president and president of the Woman's Student Governing Association, and a very efficient head of the fire captains for the University.

Although a chemistry and zoology major, Pat has found time to be an excellent scholarship chairman for Lambda, to usher for the Lane Series, to be on the governing board for the Student Union, to mention a few. "Bish" can also be found waitressing and washing dishes in the Lambda kitchen . . . thinking about someone else's problems, never her own . . . (but we wonder if she has any!).

Come To Think of It . . .

Come to think of it, most of you haven't had the opportunity to meet Theta's officers. Grand Convention and/or a Grand Council meeting are the only places you can find them together—and even at the 45th Grand Convention not everyone was there. Member-atlarge Avis Tucker could not be present while Mary X. Plummer and Marion Hinderer, nominated as new members-at-large, were not even there to vote for themselves. But they were elected any way!

Two Thetas remain in the same offices held before convention: President Lease and Vice-President Edwards. Three members-at-large moved up to vice-presidencies: Jorgensen, Krohn, and Schmid. Five members-at-large continue: Ackerman, Flaherty, Hood, Mc-Celvey, and Tucker. Three district presidents became members-at-large: Hunt, Thompson, and Wilber. And two were called back into Theta service after short "sabbaticals"—Hinderer and Plummer.

Grand President—Hazel Lease. Besides her Theta work during the past two years, Hazel and her husband built a new house on Puget Sound, flew to Alaska four times for business and big game hunting, as well as kept up ties with a large and close-knit family. In fact the new house is supposed to be "large enough to accommodate all our friends and family." Says Hazel, "As I do my Theta typing I can see all the ocean-going vessels that go out of the Bremerton Navy Yard and Seattle, and all of the freighters that leave for Alaska or the Orient." That Hazel handles for Theta some "thousands of letters" seems not to phase her a bit, any more than the many meetings she attends for Theta, plus installations and chapter visits. An Alpha Nu, Montana, Theta, she has been on Grand Council since 1956, is quite a civic figure in the west, and is in charge of Theta's administrative program.

Grand Vice-President, College Program—Virginia Edwards. Said Jinny at convention, "You won't hear from me until after the wedding." THE wedding, in August, was that of her only son, Jack, to Larrilyn Carr, Alpha Xi, Oregon. Larrilyn became Theta's first traveling secretary, worked directly under Jinny, visited Jinny in Columbus, Ohio, Easter 1961, met Jack, and thereby pulled a switch on the usual. Larrilyn married the boss's son! Says Jinny with joy, "Now I have a Theta daughter!"

Actually, Jinny, who has had charge of the

Council at Convention. L. to r., front, Vice-Presidents Virginia Schmid, Virginia Edwards, President Hazel Lease, Vice-Presidents Norma Jorgensen, Jane Krohn. Back, membersat-large, Ruth Wilber, Virginia Hood, Opal McCelvey, Jo-Ann Thompson, Peg Flaherty, Mary Ackerman, Eleanor Hunt.

college program since 1960, worked on it since 1958, is like the old-lady-in-the-shoe. She already has so many Theta daughters she doesn't know what to do! Or, we take that back. Jinny always knows what to do. She feels that "work on the college program is the most fascinating part of the fraternity." She is a member of Alpha Tau, Cincinnati, likes people, bridge, books.

Grand Vice-President, Alumnæ Program-Norma Jorgensen. For the past two years Norma has been working with the Administrative Committee doing public and press relations, probably the first public relations director Theta ever had! Writing well and with ease, she has contributed often to the Theta Magazine, wrote the special article about retiring EST Helen Sackett for The Fraternity Month, took over the contact job for the fraternity with Fraternity Month and Banta's Greek Exchange, while at the same time instructing everyone in ways to more and better publicity for Theta. But she is experienced with the alumnæ program, also, spent two years on this after she came on Council in 1958, and now returns to it as head. A charter member of Gamma Zeta, Connecticut, she lives in Newington, Conn.

Grand Vice-President, Finance Program-Virginia Schmid. Virginia is one who has not changed her job. Since she came on Council as a member-at-large in 1958 she has dealt with finance. She continues to deal with finance, and starts her fifth year in this field as chairman of Theta's finance program. If it seems mysterious to you what the finance committee does, just reflect on the tremendous investment we have in Theta houses over the country and the amount of work it takes to supervise this phase of our financial program alone. Virginia is a middle-westerner, living in Omaha, and is a Rho, Nebraska, Theta (graduating from college when she was nineteen, we might add!). She was formerly research chairman for Loan and Fellowship, has done other Theta, civic jobs.

Vice-President, Service Program—Jane Krohn. If you met Jane in the hall at convention you just knew she was going to button hole you and talk, with her face glowing, about one of her fellowship or scholarship winners. Because Jane is that sort of person, wrapped up in Theta and wrapped up in the careers of all the fine Thetas who have been winning awards since she began working on the Service Program (1958). She is especially pleased that this year's program presented scholarship awards to twelve girls, twice as many as usual. Thus, influenced by Jane's enthusiasm, many other Thetas have caught fire for the Loan and Fellowship program. Jane is a member of Alpha Xi, Oregon, but has spent a good deal of time moving around, now lives in Portland.

Members-at-Large, not at convention. Mary X. Plummer, left; Avis Tucker; Marion Hinderer.

Has been Theta district president, state chairman, has kept constant contact with her college chapter.

To Broaden Understanding

→ I wonder how many Thetas know the purpose of our fellowship awards as stated, to "broaden knowledge and further understanding of human values through contact with people of varying cultures, so that through leadership an enlightened attitude toward our social responsibility may be developed."

It is a source of great pride to our Loan and Fellowship committee that Dr. Martin F. Palmer, director of the Institute of Logopedics, feels that the recipient of our 1962 Jeanette Grasett Fellowship assuredly fulfills these purposes. Her name is Taiko Nagasawa and she comes to us from Japan, the seventh foreign student to be thus honored.

By the time you read this Taiko Nagasawa will have been at the Institute of Logopedics, Wichita, Kansas, for nearly two months, and will have started her 12 to 15 hours of study in graduate work at the University of Wichita. Chosen by the Institute Scholarship Committee her travel funds are provided by a Wichita philanthropist, her study and living arrangements for one year underwritten by the Theta grant. Three other Japanese women students and two Japanese physicians, already at the Institute, greeted her warmly. With enthusiasm and dedication she has started her study in the science of Logopedics, since because of the great lack of speech specialists in her country and her desire to help handicapped children there, she feels that she can best serve by this training.

Small, vivacious, and attractive, Taiko is now 26 years old; her home is Tokyo. Her English is exceptionally fluent.

Her educational background, all of it secured to date, in Japan, is broad. After two years of study at the Kyoritsu Women's Junior College she transferred in 1959 to the Meiji Gakuin University, a Presbyterian college, graduating with a B.A. degree a year later in the English literature department of the College of Liberal Arts. Her grade point average was 3.7 under a 4 point system.

Yet, securing her degree was not as simple as it sounds. Because of the death of her father it

Taiko Nagasawa

was necessary for her to work during the day with her mother in the family store, attending school only at night. Thus, she was five years before graduating, though this did not interfere with her standing. Said her professors, "She had a conspicuously fine record, a good reputation with the faculty, and was exceptionally serious, conscientious, and competent in her approach to her work." Among the subjects which she took were Christianity, philosophy, Japanese literature, economics, history, mathematics, physics, chemistry, English, French, physical education, plus many teaching courses.

She has also already had some experience with the handicapped through working at the Deaf Center in Tokyo where she was able to study deaf children and their problems.

Why did she want to come to America? Certainly her desire was intensified by the work she did during the past two years—as a guide conducting bus tours for visitors to Tokyo. In addition, this contact served to increase her poise and fluency in English.

This then is Theta's 1962 Fellowship winner. Those of you who visit the Institute of Logopedics will want to meet her. Those of you who are not so fortunate as to meet her will want to wish her well in your hearts. "Through (her) leadership" Theta hopes for much.

The Loan and Fellowship fund, Theta's oldest philanthropy, announces \$500 awards to each of the following Thetas who will use the money to continue in graduate work:

Barbara Ann Morris, Psi, Wisconsin. Barbara Ann, original winner of the second \$2,000 fellowship (see page 19 for first one) is unable to attend the University of Wichita and the Institute of Logopedics because she previously accepted an offer to work for her master's degree in speech therapy at the University of Wisconsin. An A and B student, she is recommended for leadership, for grasp of her studies in speech correction.

Patricia Bishop, Lambda, Vermont. (See also page 15.) Patricia will study biology and chemistry in the field of molecular biology at Dartmouth. She was president of Women's Student Government, a Mortar Board, was given award for best all-around woman student.

Mary Kay Burpee, Alpha, DePauw. With a grade point average of 2.4 (out of 3) Mary Kay was in the Honors Program her senior year, was cited as doing "excellent work." A member of Mortar Board, she is highly recommended as a person of genuine integrity.

A Day With Dr. Palmer

The man who is the founder of the Institute of Logopedics, its current director, and who has given so much of himself to help the speech handicapped—Dr. Martin F. Palmer—was Theta's honored guest at convention. Working closely with Thetas since adoption of the Institute in 1945 as Kappa Alpha Theta's national philanthropy, Dr. Palmer spoke on "Speech for the Silent" at the awards banquet and held numerous informal conferences the following morning discussing what the Institute is doing and what Theta can do for the Institute.

Kappa Alpha Theta funds have built a housing unit known as the Theta Court at the Institute, maintain it, and currently support the occupational therapy department there.

As contributions to the Institute from Theta

chapters and clubs continue to mount, a new award was announced at the awards banquet—a plaque for groups reaching the \$15,000 mark. (Turn to outside back cover this issue.) In addition, certificates were given to other contributors for the biennium, 1960-1962: Kappa, Kansas, and Beta Gamma, Colorado State, who contributed \$1,000 and earned life memberships; and among the alumnæ, \$10,000-Oklahoma City, Dallas, Houston, \$7,500-Detroit, Dallas, Wichita. \$5,000-Pasadena, Topeka. \$2,500—Cleveland Des Moines, Philadelphia, Portland, Toledo, Tulsa chapters; Birmingham, Mich., and Stillwater, Okla., clubs. \$1,000—Atlanta, Burlington, Hartford, Lincoln, Sacramento, St. Paul, Tucson chapters; Ft. Lauderdale, Gary, and Beaumont alumnæ

Dr. VanDerbur

Miss Simpson

Good for Thought

With pertinent messages about fraternity, two speakers at convention stirred Theta minds into consideration of our function as Thetas today. Dr. Francis S. VanDerbur, Kappa Sigma, who holds the highest job in the fraternity world as chairman of the Interfraternity Research and Advisory Council (IRAC), spoke on the fraternity picture. Miss Mary Jane Simpson, a Theta from Lambda, Vermont, and dean emeritus of that university, gave a more personal talk based on the word, "excellence."

Dr. VanDerbur: With the stirring words, "It must not happen again!" and many much documented facts, Dr. VanDerbur looked back at the dark ages and warned that a modern dark ages is entirely possible. Freedom has come so easily to us that we grow careless. Embracing seemingly-innocent socialism, we fall neatly into a trap called communism.

If you like your freedom as a citizen, realize that this is your heritage. As a member of a fraternity—a voluntary organization—you must do all you can to perpetuate this heritage, which in turn means do all you can to maintain voluntary organizations in this country. "As long as we have voluntary organizations, we will not have communism. Why? Because totalitarianism does not allow voluntary organizations such as ours."

Said Dr. VanDerbur further of his own viewpoint, "I am a very conservative, staunch believer in the fraternity system and I suspect the motives of all who actively oppose us." Miss Simpson: Stating that the heaviest burden since the Revolution has fallen on the young people of today, Dean Simpson addressed her remarks primarily to active Thetas.

History shows that when moral fiber snaps, a nation falls. Dean Simpson feels that we must fight complacency through intelligent leadership guided by a strong purpose. We must take a keener interest in the hardest problems of our country. We cannot afford the luxury of mediocrity, must strive for excellence with less emphasis on materialistic goals.

In this world of changing values she believes the ideals of fraternity have a real place. "The way we implement our ideals is what counts. There is a need to evaluate day-to-day actions in terms of Theta's ideals."

Stating that nothing can surpass fraternity with its high potential for encouraging scholarship, high social standards, and as a training ground for leadership and character, she also pointed out that sometimes Theta fails to live up to its ideals. "We must go back to our moral code, study it, and see how it applies to our problems."

College should give a girl respect for herself and others; a keen understanding; and a realization of the obligation of the educated woman to serve. But a well trained mind is not enough. A feeling of concern is important, in simpler words, love. In conclusion she said, "Let's get the deed done, combining need and love, and remember that the stakes are high."

Our Heritage Of Freedom

For more than fifteen years now we have watched with growing concern the increasing demands and pressures on fraternities as the strong voluntary associations on the college level. It has become increasingly obvious that far more than fraternity is at stake.

At our National Panhellenic Conference meeting in 1957 we, the members of NPC, agreed that we had "a responsibility to contribute to accurate and thorough knowledge about the Constitution of the United States and the Bill of Rights and to know the ideologies destructive of our country."

A little over a year ago now the Interfraternity Research and Advisory Council composed of representatives of NPC, the National Interfraternity Conference, and the two professional conferences stated: "That it is the responsibility of the Conferences to assist the undergraduates and alumnæ in understanding the constitutional structure and personal rights which have made our country the most stable country in the world."

Then last fall at our 1961 NPC meeting we adopted a resolution which states in essence:

"Whereas the founders of our country pledged their lives, their fortunes, and their sacred honor to achieve for themselves and posterity the blessings of liberty, "Therefore, as inheritors of that liberty, National Panhellenic Conference endorses the IRAC Resolution and the members of NPC accept the responsibility for the educational effort among their members to accomplish understanding of the principles of the IRAC Resolution and the NPC Declaration for Freedom."

We can surely realize that under communism

we could never achieve those "blessings of liberty" for which the founders of our country pledged "their lives, their fortunes, and their sacred honor."

It would appear that there are two major dangers to which we should give attention: first, any change in basic beliefs and convictions, the moral fiber of our nation; and second, our failure to give attention to the affairs of government. In regard to the first, Dr. Farrell of Northwestern said: "The challenge of communism in today's universities and colleges is not direct infiltration, but in the erosion of our own system of beliefs."

Dean W. P. Shofstall, dean of students at Arizona State University. has given a very thought provoking analysis of what he refers to as some "fatal delusions" of youth today: "Many young people today have been deluded into believing that there is no eternal truth. This idea is the foundation of communism. They assume everything changes including the nature of man and the ten commandments. Nothing is sure but change. On this assumption, to be firm in a conviction denies freedom to others. The communists know, but many of us don't know, that belief in eternal truth must be destroyed and replaced by 'scientific determinism' before communism can succeed in the United States.

"Many young people confuse material change with progress. The result of this confusion of progress with change is the belief of many that conservatism is reactionary—to be progressive is synonymous with being good.

"Many young people have been deluded into believing that there is no good or bad and that everything is relative. Why should they be-

lieve otherwise? Even their grades in school often depend upon how they stand on a normal curve. As a result, they believe they can always compromise.

"Many have been deluded into believing that 'there is something for nothing.' This escape from personal responsibility Karl Marx called 'economic determinism.' The end result is that youth believe they get 'something for nothing' because they don't believe they are 'masters of their fate or the captains of their soul.'

"Many young people have been deluded into believing that everybody is or should be equal in every way. They don't seem to have looked around them to see that nature never duplicates. (Here we find again the idea that because all men were created equally free that they are equal in every way.) The classless society was only a dream for Karl Marx, but for many of us it seems to be the blueprint for us to blindly follow."

Now, may we give a few moment's consideration to our government. As we consider our government set-up as representative in form with a system of checks and balances to prevent excessive power on the part of any one of the three branches of government, how well is this working today? History has proved that excessive power ends in tyranny.

I do not think it is necessary to review, nor can anyone deny, the increased government controls that we have accepted during the last quarter century. Some have been accepted as expedient while others have been fostered for the so-called "general welfare." It may be time for us to ask: "Whose welfare?"

Many persons far better informed than I have said that we are already well along the road

Edmund Burke has said, "The people never give up their liberties but under some delusion." In a talk at Grand Convention Past Grand President Ellen Hofstead reminded Thetas of this truth and warned that perhaps we are failing to recognize that our enemies are, in J. Edgar Hoover's words, "masters of deceit." Ellen's talk opened a panel discussion on ideologies destructive of our country. The complete panel material is being distributed to all of our Theta chapters.

toward a welfare state. Are we aware that this is just the road that our enemy would have us take? Are we preparing to "fall like over-ripe fruit into waiting hands?"

You should study the set-up of our government today and test it in relation to the provisions of the Constitution and the Bill of Rights. Beware of those who tell you that these principles of freedom are obsolete.

Think for yourselves as you study the philosophies and ideologies to which you will be exposed. As inadequately substantiated theories are presented as fact explore for yourself and then decide.

It behooves you to investigate any organization on campus before you decide to support it. Its name may not bespeak its real purposes. Who is sponsoring it and what are its real purposes? Are stands that it takes the same stands favored by the enemies of our country?

I quite agree with the president emeritus of Rutgers who said: "Men are not educated by others—they must educate themselves. They must read deeply and learn to think clearly." I urge you to do just that.

As we think of the statistics given us concerning the amount of communist propaganda being distributed we can surely know that the challenge has never been greater. Can you distinguish propaganda from fact?

We have faith in anything in which we believe and that faith lifts our sights to new horizons. Our belief in our way of life and our love of freedom should give us hope for the future. The challenge is yours to "seek the truth and that truth shall make you free." Your beliefs may indeed shape *our* destiny—and perhaps the world.

Roundabout With Theta

Retirement for Six-It's fun to welcome new Theta officers (page 16) but sad to say goodbye to those who retire from office. Three grand vice-presidents left office: Mary Brandriff, who terminated ten years of service to Theta on the national level; Flivver Little, who has specialized in finances since 1956; Alice Gonser, whose years of service on Grand Council are eight. Members-at-large who left office are Esther Cleaves and Florence Wylie, Esther after a two year term, Florence after four years. And after successfully managing the last four conventions (besides assistant-managing three before that) Margaret Cockrell has resigned, leaving her job (and headaches) to her assistant, Ginger Boynton. Ginger has assistant-managed three conventions, will "solo" in 1964.

Colonization—Kappa Alpha Theta is colonizing two new chapters this fall, with installations planned for the spring of 1963. Fifty Years and All's Well—In 1912 a local called TBD became Alpha Rho chapter of Theta at the University of South Dakota. Since then the TBD motto—"Truth, to be and not to seem; Beauty—in character and life; Development—into perfect womanhood"—has intermingled with Theta's ideals in a most successful existence.

At a two-day celebration in Vermillion in April, Mary Brandriff, representing Theta's Grand Council, spoke to actives and alumnæ on the benefits and responsibilities of fraternity membership. A charter member of Alpha Rho, Elsie Sargent Julian, related TBD's twelve year effort (1900-1912) to become Kappa Alpha Theta. Books by Theta Authors

reviewed by Jacqueline Stice Kenney

A cheer to all authors who wear the kite A book by a Theta's a welcome sight! If you read to the kiddies or just to yourself, There's a volume here that belongs on your shelf.

The View from No. 13 People's Street by Aline Mosby. Random House, New York, 1962, \$3.95.

When Aline Mosby first reported to United Press International in Russia as the only western newspaper woman in Moscow, she brought with her many things other than her journalistic know-how and the trench coat without which she felt no foreign correspondent should be. Among them were a box of six solid toilet deodorizers and a large bottle of antihistamine pills, carried on orders from her boss-to-be. It took the veteran reporter only a few days to learn why such items were a must for westerners living in the Soviet Union.

But in her three years in Moscow, Aline Mosby learned many other fascinating facets of Russian life. Her resulting book, completed but a few months ago, is a volume which has needed to be written.

It purports to be neither a political nor economic study of the Communist way of life. Rather it is a "people to people" sort of book.

In its pages one learns, for instance, that all Russians are not as dedicated to the established authority as Pravda would have one believe. One learns that many somber-faced citizens of the Soviet Union laugh at the same type of joke at which we laugh and that many of them long for the kind of clothes, the kind of hairdos, the kind of food, and the kind of freedom we Americans consider our natural rights.

Throughout this absorbing, lively, and entertaining volume runs the theme that Russia is forever a series of paradoxes . . . second-rate modernity, tradition-steeped beauty; ordered individual rebellion; conformity, plumbing, boasts of progress; a genuine desire for knowledge, abysmal ignorance of current

In this thoroughly fascinating book, Aline

Aline Mosby and Khrushchev

Mosby makes the Muscovites come alive, from the patrons of the steam baths to the patrons of the cafes; from the artists and students to her maid and the employees of the telegraph office. Aline Mosby not only covered the news in Moscow, she occasionally made it.

This is at once an entertaining and a thoughtprovoking book. It is highly recommended to all adults who want to know what life is really like in the other half of our divided world.

The Author-Aline Mosby was born in Missoula, Montana, and graduated from the University of Montana, where she was a member of Kappa Alpha Theta. She covered the Hollywood scene for several years before becoming a foreign correspondent. Since recently finishing her tour of duty in Moscow, she is now with the Paris bureau of UPI.

She writes, "Now I live in a Paris apartment and am comparing the problems of housekeeping in Paris with housekeeping in Moscow! On my job I cover fashions, features, films, and many 'spot' news stories. For example, some of the recent stories I've done include the winter fashion shows in Paris, the visit of President Eisenhower, interviewing Audrey Hepburn."

The Stillmeadow Road by Gladys Taber. J. B. Lippincott Co., Philadelphia, 1962, \$4.95.

There's both a hearty zest for life and a reflective serenity in this 36th volume from the typewriter of Gladys Taber.

The calendar forms the warp of the book. The chapters, titled for the months of the year, mirror the ever-changing patterns of nature in the New England countryside surrounding the author's 1690 Connecticut farmhouse.

But the woof is woven of varied and colorful threads. There's the silken floss of memory with recollections of childhood, of un-calorieconscious existence, of parenthood in the unenlightened pre-Dr. Spock era. There's the stout flaxen cord of flavor, recipes for everything from Hawaiian meat balls to old-fashioned buttermilk pancakes, instructions for drying herbs.

There's the warm, wool yarn of understanding appreciation for people, pets, and birds. And there are some sparkling silver and gold threads in the pattern too, descriptions of sunsets, of a crackling grate fire, of lilacs.

Although *Stillmeadow Road* is written in forthright prose, and sparked by many humorous anecdotes, it has a certain poetic quality. The book is difficult to categorize but not to read. As a matter of fact, it is that rare sort of book which lends itself to re-reading.

The Author—Gladys Taber is a graduate of Wellesley and received her master's degree from Lawrence College, where she was a Theta. Born in Colorado, the daughter of a mining engineer, she spent her childhood in various western states and Mexico.

She has lived at her beloved Stillmeadow since the snowy day more than twenty years ago that she discovered a For Sale sign in front of the dilapidated structure and heard the old house say, "I've been waiting for you. What took you so long?"

Manners for Moppets by Betty Betz. Grosset and Dunlap, New York, 1962, \$2.95.

Now herself the mother of two moppets, Betty Betz, in this charming little book of verse and colorful pictures, covers almost every etiquette breach of which any youngster might be guilty.

With wit and brevity, she points out that daddy is likely to take a dim view of the off-spring who insists that the old man double as a "horsey" after a long, hard day at the office or of the toddler who serenades his parental ancestor at the dawn with a toy drum.

In word and picture, she also points out the obvious advantages of sharing, of taking turns, and of playing fair. Then there's amusing pictorial evidence that dirty fingers and sticky lollipops fail to win and favorably influence adult friends and relatives; and that neither thumb-sucking, bawling, fighting, nor barefooted moppets are acceptable in polite society.

The Author & Illustrator—Betty Betz (Mrs. Frank MaMahon), a Theta from Illinois, was written up in a special article in the Summer 1962 KAPPA ALPHA MAGAZINE page 11. Many young mothers who will buy Betty's current book, looked to her as their "Big Sister" in their own teens when they read Your Manners Are Showing, her Party Book and Career Book. The first two of these are still in print.

With her husband and her children, Francine 6 and Bettina 3, Betty now lives in Calgary, Alberta, Canada, and also Palm Beach.

What They Look Like

At left is Betty Betz with her daughter, Francine. With Francine and her younger sister, Bettina, around, Betty found much material for her book, "Manners for Moppets."

On the right is Gladys Taber of Stillmeadow. Mention Gladys, you think of Stillmeadow; mention Stillmeadow, and this is synonymous with Gladys. A fortunate Theta duo, indeed.

Whoever said "never the twain shall meet" certainly could not have been living in the jet age. In this case, Theta's twain (the Dictionary says "twain" is poetic or archaic for "two") shown above are two lively Mortar Board members who attended Theta's 45th Grand Convention. They weren't the only Mortar Boards there, far from it! But they represent the far corners of the U.S.—East meeting West indeed. The happy Theta in white is Nancy Wollmer, current Mortar Board president at UCLA. Greeting her is Melissa Hetzel, Mortar Board's song leader at the University of Vermont (and also Theta convention song leader). Each of these girls is one of three Thetas elected to Mortar Board this year at her respective school.

The Honoraries

edited by Margaret Stradling Moore
Alpha Chi, Purdue

It appears that the Sues (27), Nancys (23), and Judys (22) have been "burning the midnight oil" this past year. Theta is proud of the 73 chapters on her honor list for 1962.

Blue ribbons go to Butler, with 31 pledges to 11 societies, and to Georgia, with 25 girls pledging 11 honoraries! Spurs is now included in *Baird's Manual*, so we are happy to welcome it to our approved listing this year.—MARGARET STRADLING MOORE.

Honorary Statistics

- ♦ Of chapters reporting spring 1962 honorary elections, Kansas boasts the most Thetas tapped for Phi Beta Kappa with four. Nevada, Oregon State, and Syracuse tie for honors in having the most Phi Kappa Phi members—five each. The Mortar Board "mostests" are also two chapters in a tie: Oklahoma State and South Dakota, five each.
- ♦ Texas Christian was the "earliest bird" making an honorary report, followed by Illinois (who was also an early bird in 1961); then Pennsylvania and Miami tied for third; Rollins and Indiana tied for fourth; Kansas State, fifth.
- Collegiate honors reported by Canadian chapters included:

Mimi Roberts, British Columbia, was elected to Delta Sigma Pi for outstanding participation in campus activities, notably as president of the Associated Women's Society.

Pauline Beattie, Judith Clarke, Patricia Rusak,

of Western Ontario, received University College Council Honour Awards. Pauline was also honored by the University Students Honour Society.

Sheila Ferris, Western Ontario, received the University College Council Merit Award.

♦ As usual, Thetas have also been awarded a number of important fellowships and scholarships. These include:

Woodrow Wilson Fellowship: Ruth A. Snodgrass, Colorado College.

Fulbright Scholarship: Gay Petzold, Colorado College; Nancy Flowers, Georgia; Elizabeth Prosser, Oklahoma.

National Science Foundation Scholarship: Janet Ansorge, Lawrence; Linda Davis, Ohio State.

Canada Council Grant: Janet Varah, Western Ontario.

Twenty-two other graduating Thetas are reported as having received substantial outside grants to help finance graduate work this year.

Here Are Our Initiates-1961-1962

A regular feature of the KAPPA ALPHA THETA MAGAZINE since 1958, the list of initiates is of continuing usefulness to all members of Theta. For chapters and clubs which wish to find the names of prospective members in their areas, for alumnæ who are interested in know who "pledged" in their vicinity, for those who are just curious to see "how Theta is doing,"-for all of these and for many others, is the initiate list of

To Theta Parents:

Your daughter's magazine is sent to her home address while she is in college and we hope that you enjoy seeing it. But if she is no longer in college and is not living at home, please send her new permanent address to Kappa Alpha Theta, Suite 342, 1580 Sherman Avenue, Evanston, Illinois.

THIS HANDSOME PLAQUE, shown here at Grand Convention, now hangs in the hallway at the Institute of Logopedics in Wichita, Kansas. All Theta groups making contributions of \$15,000 to the Institute will have their names engraved on special plates on the plaque. Announced at convention were the first two alumnæ chapters to merit this: Kansas City and Nashville. Their delegates, Alice Neal Clarkson (KC), left, and Karin Dale Coble, posed happily at the awards banquet with Institute director, Dr. Martin F. Palmer, as he points to their chapter names, already engraved on the plaque. Judging from the space allowed, many groups are expected to match KC and Nashville, and soon. Who will be next?
